SPONSORING

JULY 5 – JULY 07, 2024

CITÉ DES SCIENCES ET DE L'INDUSTRIE.
PARIS

1.1 – leHACK (EX-NUIT DU HACK)

WHAT IS leHACK?

leHACK is the largest French-speaking hacking conference. It has been held every year since 2003.
From 2003 to 2019, it was known as “Nuit du Hack”. Over the years, leHACK has reinvented itself while keeping its spirit and values intact.

leHACK brings together hackers, IT security professionals and institutional players. The desire to bring together in the same place the offensive and defensive aspects of IT security is the DNA of this convention.

leHACK is the only occasion in France where these two worlds can coexist, learn and exchange.
leHACK is a stage where international players come to share the state of the art, a big competitive **WARGAME**, a **BUG BOUNTY**, and practical **WORKSHOPS**, over two days and a whole night.

LEHACK 2024 WILL BE HELD OVER TWO DAYS AND ONE NIGHT FRIDAY 05 JULY 2024 TO SUNDAY 07 JULY 2024.

- Friday 05/07: 9:30am to 9pm:
International Conference, Sponsors village, OSINT VILLAGE and conferences, Social Event.

- Saturday 06/07: from 9:30 am, all day and all night from Saturday to Sunday:
International conferences, Sponsors village, Workshops, Challenges, Wargame, OSINT VILLAGE and conferences.

1.2 – HZV – (HACKERZVOICE)

THE ASSOCIATION RESPONSIBLE FOR leHACK ORGANIZATION

HZV is an association under the French law of 1901, which has brought together a community active in the French-speaking underground hacking scene since 2000. HZV previously organized the 16 editions of Nuit du Hack before changing the name of the event to preserve its independence and reinvent itself, but without changing its team or values.

HackerZVoice and THE HACKADEMY JOURNAL

The origins (roots and DNA) of the HZV association go back to a time when computer security researchers were a motley crew of hackers with no real syndication or unifying event, and suffering from a degraded public image.

HackerZVoice and The Hackademy Journal were created in the form of a paper zine, its manifesto being to popularize computer security paradigms and demystify the image of the hacker in France.

Today, the HZV association, organizer of the leHACK event, has perpetuated this movement and will celebrate its 20th edition in 2024.

1.3 – OSINT VILLAGE

WHAT IS THE OSINT VILLAGE ?

Following the success of the SpyingChallenge in 2017, which brought together many OSINT enthusiasts before, during and after theHACK, the OSINT VILLAGE was born!

With a 500-seat space at the heart of leHACK, OSINT VILLAGE is :
- Experts from the world of threat intelligence
- Investigative journalists
- Renowned international speakers (Bellingcat, OCCRP, CIRCL)
- High-level workshops and exclusive content

OSINT VILLAGE has become the leading English-speaking OSINT event in Europe, with world-renowned participants and speakers.

2 – VISITORSHIP

WHO ARE OUR VISITORS?

The vast majority of leHACK participants work in the French and international IT security sector.

leHACK has become the must-attend event for all companies and administrations involved in information technology and IT security to develop contacts with their peers, meet, recruit and discover new ideas.

Conferences feature international speakers and offer a unique window on the state of the art in IT security.

How to contact us ?

If you'd like to apply for a sponsorship package or obtain further information, please contact us by e-mail, and we'll get back to you as soon as possible.

sponsors@hzv.fr

We remind you that slots are allocated in order of payment for sponsor packs, which means you have a wider range of choice if you confirm your sponsorship earlier.

Please do not hesitate to contact us to find the sponsor pack best suited to your needs, and to tell us about any changes you would like to make to your pack.
