# 1.1 - HZV - (HACKERZVOICE)

## THE NON-PROFIT BEHIND **leHACK**

HackerZVoice and [The Hackademy Journal](#) were created in the form of a paper [zine](#) , with a mission to popularize IT security paradigms and demystify the image of hackers in France.

HZV is a non-profit association under the French law of 1901 that brings together a community of French-speaking hackers. The association organized 16 editions of La Nuit du Hack before changing the name of the event to leHACK in order to preserve its independence and allow it to evolve.

Today, the HZV association organizes monthly meetings on the theme of hacking (Paris) and the annual events [leHACK](#) (Paris) and [Barbhack](#) (Toulon).

# 1.2 - leHACK ( EX-NUIT DU HACK )

## WHAT IS leHACK

Initially a simple gathering of enthusiasts for discussions and challenges over one night, leHACK is now an unmissable convention dedicated to knowledge sharing, lasting two days and one night.

leHACK is the largest French-speaking event dedicated to hacking and cybersecurity. Held annually since 2003, it was known until 2019 as "Nuit du Hack" (Hack Night). Over the years, leHACK has reinvented itself while preserving its original spirit and core values: bringing together hacker communities and sharing knowledge.

leHACK brings together hackers, IT security professionals, and institutional players in one place. The desire to bring together the offensive and defensive dimensions of cybersecurity in one place is the DNA of this convention.

leHACK is a unique place in France where these different worlds coexist, learn, and exchange ideas. leHACK is a convention where international players come to share their experience and expertise through conferences, a large competitive WARGAME, a BUG BOUNTY, and practical WORKSHOPS.

# 1.3 – LEHACK 2026

**LEHACK 2026 WILL BE HELD OVER TWO DAYS AND ONE NIGHT FROM FRIDAY, JUNE 26, 2026, TO SUNDAY, JUNE 28, 2026.**

As an example, here is the schedule for the 2025 edition:

Friday from 9 a.m. to 7 p.m.: Sponsor village, conferences, OSINT VILLAGE.

Friday from 7 p.m. to 10 p.m.: Concerts (open to all) and Social Event (reserved for VIP sponsors).

Saturday from 9 a.m. to 8 p.m.: Sponsor village, conferences, OSINT VILLAGE, bug bounty (from 10 a.m. to 3 p.m.), rumps (from 5:30 p.m. to 7:30 p.m.), workshops, challenges.

Saturday from 8 p.m. until Sunday 7 a.m.: Wargame and workshops.

# 1.4 - OSINT VILLAGE

## WHAT IS OSINT VILLAGE?

Following the success of the SpyingChallenge in 2017, which brought together many OSINT enthusiasts before, during, and after leHACK, the OSINT VILLAGE was born!

With a 500-seat space at the heart of leHACK, the OSINT VILLAGE features:

- Experts from the world of threat intelligence
- Investigative journalists
- Renowned international speakers (Bellingcat, OCCRP, CIRCL)
- High-level workshops and exclusive content

The OSINT VILLAGE has become the leading English-language OSINT event in Europe, with world-renowned participants and speakers.

# 1.5 - BARBHACK

## OUR OTHER CONVENTION SINCE 2020

BARBHACK has been organized for six years by a team of ethical hackers and cybersecurity experts based in the south of France under the auspices of the HZV (HackerZVoice) association.

The latest edition in 2025 was a resounding success, attracting around 500 participants and confirming the appeal of BARBHACK and its all-inclusive formula! For the price of an entry ticket, participants receive an event T-shirt, an eco-cup, lunch and evening BBQ, drinks, conferences, workshops, and CTF! Not to mention the southern French sun at the end of August.

BARBHACK brings together enthusiasts, IT security professionals, and ethical hackers of all levels. This event allows them to discover the latest technical advances and assess their skills in the field.

The main idea is to take time to learn, share, solve a few challenges, and relax with participants and speakers.

**BARBHACK 2026 – 1 DAY AND 1 NIGHT AT THE END OF AUGUST IN TOULON.**

## 2 - SPONSORING

### WHY BECOMING A SPONSOR ?

leHACK is the must-attend event for all organizations involved in information technology and IT security. It is a prime opportunity for technical security experts to:

Meet and recruit talent

Access an expert community to develop contacts

Discover technological innovations

Every year, 3,000 passionate hackers, whether students, self-taught or professionals, take part in leHACK.

High-level conferences, led by international players, will offer you a privileged insight into the latest trends and advances in offensive cybersecurity.

Thanks to their VIP status, sponsors also enjoy privileged access to Friday's Social Event and the Quiet Room, an exclusive space conducive to networking and professional exchanges.

## 5.5 – TESTIMONIES

### **Renaud Feil from Synacktiv**

“Participating in LeHack is a no-brainer for me and for Synacktiv. It’s a way to continue the passion of the HZV team. A community that has allowed many of us, for many years and sometimes from a very young age, to discover cybersecurity and have fun together.”

### **Thalès**

“We were very happy to participate in Hack for three years in a row and to join the Hack geek community, which allows us to take a less corporate and more playful approach to cybersecurity professions.”

### **Lynda BENCHIKH from HS2**

“leHack is our favorite time to meet brilliant minds, cybersecurity enthusiasts, and hear exciting new ideas. At HS2, we train all year round, but here we share, learn, and have fun too. We’re always ready to hack knowledge!”

### **Richard REY from ESIEA**

“Sponsoring leHack is above all an opportunity to showcase our students and demonstrate what they can do in a practical way. It’s a real source of pride to see them representing the school and interacting with professionals who could become their future colleagues.”

# 6 – PARTICIPATE

## How to participate to leHACK as a sponsor?

If you would like to sponsor the association and participate in our events, please contact us by email and we will get back to you as soon as possible.

**SPONSORS@HZV.FR**

Please don't hesitate to contact us to find the sponsorship package that best suits your needs, and to discuss any adjustments you would like to make to your package.
